

Resources required:

- ◇ Paper
- ◇ Cardstock
- ◇ Toilet roll tubes
- ◇ Straws
- ◇ Paper clips

Straw Plane Instructions:

Using cardstock, cut one strip 25mm x 125mm and one strip 50mm x 250mm.

Use sticky tape to tape them into circles then attach them to the ends of a straw with more sticky tape.

With the small circle at the front, hold it like a dart and propel forward.

Paper helicopter Instructions:

Mark out the paper and fold as shown in the pictures.

Secure the handle with a paper clip and throw like a paper aeroplane.

It should spin to the ground like a helicopter.
