

Resources required:

- ◇ 1 toilet paper roll
- ◇ Washi tape
- ◇ 4 Push pins

Instructions

- Place your phone over the toilet paper roll and trace around to mark the hole.
- Cut the hole with scissors or a craft knife.
- Cover the tube in washi tape. Cut the tape around the hole and finish the edges with more washi tape.
- Add the pins so that it can stand up and you're done.
