

Resources required:

- ◇ 1 toilet paper roll
- ◇ Washi tape
- ◇ 4 Push pins

Instructions

Place your phone over the toilet paper roll and trace around to mark the hole.

Cut the hole with scissors or a craft knife.

Cover the tube in washi tape. Cut the tape around the hole and finish the edges with more washi tape.

Add the pins so that it can stand up and you're done.
